

COPPER IS TOO HIGH

Attorney General Olney Is Asked to Dissolve

THE BIG MICHIGAN TRUST

Its Owners Are Called Bandits and Some Very Interesting Facts Are Given—The Prices.

New York, April 8.—Under a great spread of headlines, the New York World today calls on Attorney General Olney to suppress the copper trust of Michigan, which controls the copper market of this country. It states that the standard grade of raw copper is produced in the lake region by several great companies whose interests have long been pooled despite the stringent law of Michigan upon the subject of trusts. It is possible to mine copper cheaper in Arizona and Montana, but the lake pool arranges against this.

This combination embraces the following mines: The Calumet & Hecla, Atlatlat, Quincy, Central, Alouette, Franklin, Peabody, Huron, the Copper Falls and Conglomerate companies. The pool set itself to keeping up the price regardless of supply and demand.

Well, Mr. Olney.

That it is successful in this may be seen by the fact that the London copper market, to which American mines send a large part of their product, are lower than the Boston market by amounts which vary from 1 to 5 cents a pound.

The World adds: "This copper trust lacking the close organization of an incorporate body, has had much internal trouble, but whenever the bandits fell out it was soon apparent from reduced dividends that the fight was only a temporary one as close together as ever, and even when they did fall out honest men did not get their dues. For there was another trust waiting, and into the yawning jaws of this second greediness fell the profits of the quarrel. These, Mr. Olney, are the facts. Now what are you going to do about it?" Then follows the Sheran anti-trust law in full.

Death of an Ionia Settler.

Ionia, Mich., April 8.—Mrs. Anthony P. Lincoln, who died in Muskegon Friday at the home of her daughter, Mrs. George W. Nelson, was one of Ionia's old and respected pioneers, and was 85 years of age. She was the daughter of Oliver Arnold, one of the original Dexter colony who came to Ionia from Herkese county in 1833. The first wedding in the settlement was that of Dr. and Mrs. Lincoln, which was solemnized at the residence of the bride's father, Oliver Arnold, on Sunday, July 5, 1835. Squire Samuel Dexter performing the ceremony. Mrs. Lincoln was a life-long member of the Baptist church here, having been baptized nearly fifty-two years ago. The remains were brought here this afternoon. She was the mother of Mrs. Dr. H. B. Barnes of this city.

Victory for the Editor.

Calumet, Mich., April 8.—The sensational suit against H. L. Sessions and Mayor Phillips of the Calumet Conglomerate, brought by R. Van der Werp on a charge of criminal libel, resulted in a verdict for the defense. The testimony revealed the most revolting immorality among several teachers of St. Anne's academy at Lake Linden. One teacher left town two months ago, it is said, to escape a coat of tar and feathers.

Cadillac's Recount.

CADILLAC, Mich., April 8.—The committee of the council appointed to conduct the recount of the vote of the First ward for marshal, on petition of David E. Cooke, the republican candidate, met last night and recounted the votes, throwing out one vote for Hildard and three for Cooke, thus increasing the former's majority in the city from five to seven. Both sides are satisfied with the recount.

He Beat His Wife.

SAGINAW, Mich., April 8.—Archie McArthur is behind the bars, having so brutally beaten his wife that doctors say she will probably die. McArthur fought the officers desperately with an ax, but was finally overpowered. He is a heavy drinker and has worked on the sewers for some time. He is 35 years old, and his wife is eleven years his senior.

Michigan Wheat Ruined.

LANSING, Mich., April 8.—According to the Michigan crop report issued by the secretary of state today, the outlook for wheat is most discouraging. The ice and snow which covered the fields during the winter, the high drying winds and lack of rain since the snow left the ground are said to be responsible for the miserable condition of the cereal.

Struck by Lightning.

PORTLAND, Mich., April 8.—During the severe electrical storm, which prevailed in this section, the barn of James Henderson in Odessa township, was struck by lightning. Five horses were instantly killed and 200 bushels of wheat, 250 bushels of oats, a large amount of lumber and several agricultural implements were destroyed. The loss is about \$2,000.

Firebugs at Three Rivers.

THREE RIVERS, Mich., April 8.—Early this morning fire destroyed the main building of the Three Rivers Carriage company's plant. The loss on the machinery and building is about \$1,500. The fire was incendiary.

WHAT BOTH SAY.

Husband and Wife Are Led to Give Evidence.

And Their Evidence Agrees in Every Particular.

A Matter Which Caused the Greatest Excitement and Comment.

AUSTERLITZ, Mich.—Interesting events have taken place in our small town. The matter concerns Mr. and Mrs. George W. Warner, who are well-known and highly respected citizens of Austerlitz, and both husband and wife tell the same story. Mr. Warner is a prominent merchant here.

"I have been troubled," said Mr. Warner, "with palpitation of the heart, kidney troubles and nervousness and insomnia to such an extent that I could not sleep nights, but would have to sit up in my chair for hours at a time."

"I also had dizzy spells, and half of the time my feet and legs to my knees were like chunks of ice. I paid dollars and dollars for medicines, but might better have thrown my money into the stove."

"I began to despair, and one day I noticed an advertisement in The Grand Rapids Herald of Dr. Greene's Nervura blood and nerve remedy. I thought it the last chance, but without the least hope I began to take this medicine."

"I began to feel better right away. I have not slept so well in ten years. I used to have no appetite, but now I eat well and have an excellent appetite. The palpitation stopped."

before the first bottle was half used. My nerves are so improved in strength that both my wife and my self are amazingly surprised. My feet and legs have become warm and comfortable as they used to be.

"Before I took Dr. Greene's Nervura blood and nerve remedy I felt blue and took no interest in anything or anybody, but now I enjoy myself and feel like a new man. My customers and neighbors say I look better than I ever did."

"I believe Dr. Greene's Nervura blood and nerve remedy is the best medicine on earth, and I say with all candor that I would not be without it in my house if it took my last cent to buy it, for it has done more good than all the medicines I ever took put together. If any one wishes to write me concerning my cure, they are at liberty to do so, and I will gladly answer all inquiries."

Mrs. Mary J. Warner, his wife, says: "I was troubled with dizzy spells and sick headache, and was very nervous. My appetite was poor, and I could not sleep half the night."

"I was also troubled with chills and

cold feet, pain in side and about the heart, and great loss of strength. I commenced to take Dr. Greene's Nervura blood and nerve remedy, and from the very first dose I began to improve, and after taking five bottles I must say I cannot speak loud enough in its praise. "It cured me when everything else failed. I hope every one else afflicted in the same way will try Dr. Greene's Nervura blood and nerve remedy."

Such evidence as this is certainly enough to demonstrate conclusively that Dr. Greene's Nervura blood and nerve remedy is the greatest and surest of all health restorers. It is the best possible remedy to take as a spring medicine to invigorate the blood, strengthen the nerves and give healthy and natural action to all the organs. It is purely vegetable, and harmless, and sold by druggists for \$1.

It is the discovery and prescription of the noted physician, Dr. Greene of No. 35 West Fourteenth street, New York city, the successful specialist in curing nervous and chronic diseases, who can be consulted in all cases free, personally or by letter.

Two Sticks Captured.

PINE RIDGE AGENCY, S. D., April 8.—Captain Brown, Indian agent at this agency, has brought in Chief Two Sticks, one of the ringleaders of the Indians who killed the four white men on this reservation on the night of February 22. Two Sticks is suffering from a gunshot wound in the right shoulder, but with proper treatment he will recover. Chief White Face Horse, another of the ringleaders, was found to be dying and was allowed to remain on the reservation.

Crowds at Salt Lake.

SALT LAKE, Utah, April 8.—The city continues to be thronged with visitors from all over the world who have come to view the ceremonies of dedicating the Mormon temple. It is estimated that the attendance reached the highest point yesterday when the streets were rendered almost impassable by foot passengers, and probably 100,000 people were in the city.

Pipe Firm Assigns.

New York, April 8.—Frederick J. Kaldenberg, head of the firm of Kaldenberg & Co., one of the leading men in the meerschaum pipe trade, made an assignment today without preference to

Henry C. Euler. The Kaldenberg company manufactured meerschaum pipes, rubber and pearl goods, car springs, etc., and has branch stores in Boston, Philadelphia, Chicago and St. Louis. Liabilities, \$115,000.

OFFICE OF THE MILLINERY PARLORS.

No. 27, GRAND RAPIDS.

LADIES OF GRAND RAPIDS—Some institutions in this city are advertising about 100 cases of old and out of style hats at 12 1/2 cents a piece in order to get rid of them, and while you may find a few all right, but for the most, you wouldn't care, nor ever try, to buy them for wear, and when you want a decent hat such institutions charged you always double the price such are sold at in other similar stores. I am buying my goods for cash, and you all know "cash speaks loud," and which enables me to sell my goods as cheap as the cheapest, and everybody knows I have to get a profit, however small, in order to pay expenses. Now, if you, ladies, are willing to buy good and stylish millinery, also trimmed hats, at the lowest possible prices, come to my place, examine the goods and compare such to others. I am positive in my assertion that you will patronize yours, most humbly. G. A. BEWIS.

Hood's Cures

After all Others Fail

Running Sure on the Rack.

Vincent Durie, Constantine, Mich.

"I cannot tell in this letter all that Hood's Sarsaparilla has done for me, but can say this much: Our son Vinde had a running sore on his face, beginning on one side and moving over his chin to the other side. We tried every thing to cure it, but no help came, and for four long years it continued, unaltered and very troublesome. Several persons urged us to give him Hood's Sarsaparilla, and we found that he improved while taking the first bottle. We kept on

Hood's Cures

giving it to him until he had taken four bottles.

The sore has entirely healed up, nothing remaining but the scar, which he will carry all his life. He is sound, strong and healthy, and we give all the praise to Hood's Sarsaparilla." Mr. and Mrs. G. W. Davis, Constantine, Mich.
